Botanical's Breath unique AMBRETTE SEED ESSENTIAL OIL POWDER contains 50% essential oil. This aromatic fine powder versatile product for a variety of nutraceutical, perfume and cosmeceutical applications.

Botanical Name: *Abelmoschus moschatus* (syn. *Hibiscus abelmoschus*)

Family Name: *Malvaceae*

CAS: 8012-62-1

Description: 50% Ambrette Seed Essential Oil 50% Modified Starch

Oil Extraction Process: Ambrette seed oil is obtained through steam distillation of the seeds.

Characteristics: Ambrette seed oil powder is a pale yellow powder with a rich, musky, and slightly floral aroma.

Active Compounds: The main active compound in ambrette seed oil powder is AMBRETTOLIDE which contributes to its musky fragrance.

Ambrette is a flowering plant native to India. It has yellow flowers and produces small, kidney-shaped seeds that are used to extract the oil.

Traditional Applications

Ambrette seeds have been used in Ayurvedic medicine for their medicinal properties. They are known for their aromatic and aphrodisiac qualities.

Commercial Applications

Ambrette seed oil is used in perfumery, particularly in high-end fragrances, due to its musky and long-lasting aroma. It is also used in some skincare products for its skin conditioning properties.

Aromatherapy Applications

Ambrette seed oil is used in aromatherapy for its grounding and calming effects. It is believed to promote relaxation and balance emotions.
