EUCALYPTUS OIL POWDER

DATA SHEET

Botanical Innovations has created a unique range of essential oil powders. These versatile aromatic powders are a perfect solution for a range of Nutraceutical, Cosmeceutical and Health and Wellness applications.

Most species of Eucalyptus are native to Australia, and every state and territory has representative species. About three-quarters of Australian forests are eucalypt forests.

There are over 850 Eucalyptus species within the Australian Myrtaceae family. Commonly known as the gum tree. With a history of use medicinal and ceremonial use dating back 40,000 years Eucalyptus oil is steeped in Australian history.

Botanical Innovations is able to meet your specific variety of Australian Eucalyptus Oil Powder requirements
